

FREE WEATHERIZATION ASSISTANCE PROGRAM

Home Weatherization

SMCAA Weatherization Program is designed to help residents lower their utility bills. Weatherization Measure is completed by a licensed, approved contractor. SMCAA will monitor the work to ensure it is done correctly and within program guidelines.

The program is funded by the U.S. Department of Energy, State of Michigan Bureau of Community Action and Economic Opportunity, and administered by Southwest Michigan Community Action Agency. Servicing— Berrien, Cass, and Van Buren Counties.

Weatherization Assistance Program reduce energy cost for households by increasing the energy efficiency of homes while ensuring the residents' health and safety.

Free Upgrades May Include

attic, wall, basement insulation, door sweeps/ weather stripping, window air sealing or caulking, refrigerator replacement, LED bulbs, furnace repair/replacement/programmable thermostats, or continuous ventilation fan.

What can't do-remodel you home, clean your gutters or paint, landscaping or garden work, plumbing or electrical work, replace cabinets, replace doors or windows, install wheelchair ramps, replace your roof, install siding or air conditioner replacement.
