From the Village Hall

Our Department of Public Works guys have been very busy already this year. They are doing everything from working on the equipment to cleaning up the Village after winter. They are also working on the 2nd Street Alley. Let them know how much you appreciate what they do when you see them. Terry Lear was promoted to the DPW Foreman!

The Village has some **exciting** news! We have purchased a generator to keep up with the lift pumps when the power goes out. Also, two new pieces of park equipment have been ordered and will be installed this Spring! Keep an eye out for them!! 🧐🧐

Watch for the upcoming announcements about our Music in the Park the last Sunday of the month in June, July and August. 🎵🎶

Our Trustees work hard to make our Village the best they can. Come see them in action at our next Council meeting Monday, May 6th at 6:30 pm. This is also a chance to let them know if you have any questions or concerns.

Improvements

There are improvement projects in the works for this year including fixing Pheasant Run. We will keep you updated as to dates . Please remember as the improvements are happening there are often temporary inconveniences that go with that. We all need to remember to be kind and patient during these times. As always reach out with concerns.
