From the Village Hall

The village is in the summer season watching the busy days go by and businesses flourish with the rush of patrons at all our fine establishments. Please keep in mind that the weekend traffic here in the village can be quite tricky with all the busses take extra time while driving thru town for the safety of all our residents and friends from out of town.

Music in the Park- This event has been a great success last couple of months and we are looking forward to the last show at the end of the month. Our turnout has been great and all the positive feed back from the bands tell me we are creating smiles to all that attend. The last event is August 28 with Steve and Mary E a duet couple full of energy and music for all. The event is being sponsored by The Baroda Area Business Association as we all work together to create a better Baroda.

The band starts at 6 pm and plays until 8 pm so stop on down and keep your feet up and enjoy the last concert of 2022 season, I just want to thank everyone for being supportive and also being responsible while enjoying the park and its many features.

Baroda Township news- This October there will be an exciting event put on thru the township for all the little ones in our area. Trail and Treat will be spooktacular fun as a not so scary trial thru Hess lake park for all our little ones to walk thru collecting treats along the way. As we get closer to October look for more information posted for this event. The event starts at 2 pm and stays spooky till 5 pm if any questions or like to donate, and or volunteer please contact the Township clerk (Christina Price) at (269) 422-2300.

Village of Baroda Postings

Support Local Farmers

As the crops begin to show us how lucky we are in Southwest Michigan, many of the hard working farmers put out great food stands. The farm families of our community rely on the little extra income from roadside stands. Please know some of the best crops are grown by people who don't have their name on the package, as the times get tough we all need to help one another thru tough struggles. I truly feel these next few years will be a struggle in the fresh produce line and never hurts to help a neighbor stopping and seeing the produce for sale. Please be honest while shopping and enjoy all the good conversations held while putting smiles on the faces of true entrepreneurs.

Enjoy the fruits of the field!!!!

The American Legion Baroda Post 345 STREETDANCE

The American Legion on August 27 is going to be hosting a Street Dance. First street will be blocked off between 1pm and 1 am to allow for the legion to have this event outdoors. The Legion is following all state laws to allow food and Alcohol sales outside during the event. Put on those old dancing shoes and come on out enjoy live music from 5 to 8 pm to dance to, and a DJ will rock the night for the younger crowd between 8 to 11pm. The Village encourages its residents to get up and dance the night away and support our local vets. GOOD LUCK to April and the crew at the Legion!!!

The Village Park

The park has been In discussion these last few meetings, and the Village is happy to report we plan on improving the equipment after a list of important (up to code) issues get fixed first. The biggest change for all will be the addition of NO SWIMMING signs at the creek. As the Village we can no longer be OK with allowing wading, and or swimming in the creek at our public park.. The park is essential and I appreciate any one who helps to keep our park safe and clean. Any issues please call the office (269)422-1779

Back to School

As we get closer to the beginning of September the kids of the village will start to go back to school, at this time we all need to be visual in helping to keep our little ones safe and out of harms way. Always be cautious when approaching a school buss as it only takes a second to change a life forever. Always drive safe and never follow to close to the buses as most accidents are do to following to close and not seeing what is a head in the road. Everyone have a great 2022 school year and be safe Thank You
