

**Village of Baroda
Planning Commission
October 16, 2018**

Present: Ed Rath, Mona Himmelein, Ron Zordell, Bob Getz and John Zelvis

Absent: Jerry Jakubs and Barry Gidley

Meeting was called to order by Ed Rath at 6:38pm with the pledge of allegiance.

There was discussion regarding the sidewalk ordinance. Right now the cost of repairing or replacing sidewalk sections is supposed to be 50% charge for the Village and 50% charge to the resident. We are not charging the resident at this time. Should we start charging the resident? Should we change the percentage of charge to resident or continue to waive the charges to the resident? It was decided that we would review the ordinance and make a decision when the full Commission is in attendance.

The rental ordinance was discussed. What would we charge to the landlords as far as registration of rentals and inspections? How often should the inspections be performed? Is there a need for a rental ordinance? It was again decided to hold off on making a decision until the full Commission is in attendance.

The next Planning Commission meeting has been set for November 20, 2018.

Meeting was adjourned at 7:07pm.

Respectfully Submitted,

Mona Himmelein
Commission Secretary
